A HISTORY OF SUCCESSFUL PARTNERING WITH TECHNICAL NEEDS

Since 1976, Technical Needs has been in the forefront of New Hampshire's temporary staffing services industry. During our 30 years in business, we have placed over 35,500 workers in jobs across a wide range of industries: Administration, Customer Service, CAD Design, Drafting, Hardware Engineering, Manufacturing Assembly Technicians, Networking, Publication, Telecommunications, Network Solutions, Help Desk, HR, Medical and Healthcare, and Software Engineering.

We've helped hundreds of companies find the right human capital for their contingent openings, and we assist with Increasing their Productivity, Cutting Downtime, and have a commitment to your ROI.

Our levels of service are as flexible as your business climate: We provide Temporary, Temp-To-Hire, and Direct Placement, and offer Vendor-on-Premise and Single Source Management Capabilities.

Today's climate demands quality and services that are top notch, and Technical Needs delivers that quality to the work force. That is why more and more companies are turning to Technical Needs for their Contingent Workforce Solutions. Give us a call, or search our web site. We'll help you create YOUR success story for the next 30 years!
